From HOD's Desk

January 27- Mental Health and Well-Being Session:
The Civil Engineering Department of JSPM's BSP, Wagholi **organized a** Mental Health and Well-Being Session **for diploma students to promote positive thinking and stress-free learning.** The session was conducted by **Dr. Dhananjay Kale**, Psychologist, Clinical Hypnotherapist, and Counsellor, who highlighted the importance of mental health, emotional intelligence, and the subconscious mind through interactive activities and experiments.

We aim to create skillful Civil Engineers who utilize the opportunities in today's growing communications era and to create a vibrant and stronger India through Civil Engineering technology.
-Mrs. Kashmire M.S.
(Civil Department)

Inside.....

- Guidance by Alumni
- Makar Sankranti Celebration
- N.S.S. Visit
- Republic day
- Spandan
- Shiv- Jayanti
- Virtual Lab Session
- Industrial Visit

The programme was attended by **Principal Dr. Pradeep Kale**, **Academic Dean Dr. Vaishali Dabhade**, Heads of Departments, faculty members, and students. The session concluded with a vote of thanks.

Civil Engineering Department

VISION:

To develop diploma Civil Engineers to meet ever changing industry and societal requirements for socio-economic growth of nation.

MISSION:

1. To provide healthy learning environment for acquiring knowledge through effective teaching learning process.
2. To develop professional skills and critical thinking ability through co-curricular and extra-curricular activities.
3. To impart technical knowledge with ethical and moral standards to resolve industrial and societal issues.

PEO'S:

PEO I: To make students understand the socio-economic problems on the society, project accordingly.

PEO II: To explore inherent qualities among diploma students and aid them to achieve their goals in the field of Civil Engineering.

PEO III: To provide the students with elite engineering, it will help them to improve their skill for higher studies.

GUIDANCE BY ALUMINI **(02/01/2026)**

A special career guidance session was conducted on 2 January 2026 by alumnus Sarfaraz Shaikh for students aspiring to build successful careers in the engineering and corporate sectors.

During the session, Sarfaraz Shaikh shared his personal journey of getting placed at KEC International with a package of 3 LPA. He guided students on important topics such as interview preparation, resume building, aptitude test strategies, communication skills, and maintaining consistency in academics.

He also motivated students to focus on practical knowledge, internships, and continuous skill development to improve their placement opportunities. The interactive session helped students understand the current industry expectations and inspired them to prepare confidently for campus recruitment drives.

MAKAR SANKRANTI CELEBRATION **(14/01/2026)**

The Civil Department celebrated the festival of Makar Sankranti with great enthusiasm and cultural spirit on 14 January 2026. The event brought together students and faculty members to celebrate the harvest festival, spreading the message of unity, positivity, and togetherness.

The celebration included traditional activities, festive decorations, and the exchange of "Tilgul."

The staff members organized a joyful Haldi-Kunku function as part of the festive celebrations, creating an atmosphere filled with cultural pride, unity, and happiness. The program was conducted with traditional Maharashtrian customs, where women staff members gathered to exchange haldi and kunku as a symbol of goodwill, prosperity, and mutual respect.

N.S.S VISIT (21/01/2026)

The National Service Scheme (NSS) unit organized a social service visit on 21 January 2026 with the objective of promoting cleanliness, social responsibility, and community awareness among students.

During the visit, students carried out a cleanliness, spread awareness about hygiene, and encouraged local people to maintain cleanliness in their surroundings. Along with the cleanliness campaign, NSS volunteers also carried out a tree plantation activity to encourage environmental conservation and increase greenery in the area.

REPUBLIC DAY (26/01/2026)

The institution celebrated the 77th Republic Day of India on 26 January 2026 with great enthusiasm, patriotism, and national pride.

The program was organized in the college premises in the presence campus director & Co-director Dr. Vasant Bugade Sir & Dr. S. K. Wakchuare Sir & all teaching and non-teaching staff members, along with students who actively participated in the celebration. Students also delivered speeches and participated in cultural activities dedicated to patriotism and national unity.

SHIV-JAYANTI (19/01/2026)

The college celebrated Shiv Jayanti with great enthusiasm and patriotic spirit to commemorate the birth anniversary of Chhatrapati Shivaji Maharaj.

The event was organized with active participation from students dance & drama, faculty members, and staff to honor the ideals, womens bike rally & flags from colleg to Shivsamarak.

A Dhol-Tasha Pathak performance that created a powerful patriotic atmosphere on campus. Students also presented the Shivismudra, symbolizing bravery, unity, and the inspiring legacy of Shivaji Maharaj.

VIRTUAL LAB SESSION (18/02/2026)

A virtual lab session on Concrete Technology was conducted on 18/02/2026 by the Civil Department for students to enhance their practical understanding of construction materials and processes. The session provided interactive demonstrations and simulations related to concrete testing and mix design. Students actively participated and gained valuable insights into modern virtual learning techniques. The activity helped bridge theoretical knowledge with practical applications in civil engineering.

INDUSTRIAL VISIT (25/02/2026)

The Civil Engineering Department organized an industrial visit to DB Organics on 25/02/2026 for third-year students of the Solid Waste Management course. The visit was arranged to provide students with practical exposure to organic waste management and vermicompost production processes.

Students were instructed to attend the visit in proper uniform along with ID cards and black shoes, and report to the classroom at 8:30 AM before departure. During the visit, students observed waste segregation, composting techniques, and sustainable environmental practices followed by the industry.

The industrial visit proved to be highly informative and helped students understand the practical applications of solid waste management concepts studied in the classroom. The activity enhanced students' technical knowledge and awareness regarding eco-friendly waste management practices.

DIPNOVA & NIRMITI (28/02/2026)

The DIPNOVA event was successfully organized on 28/02/2026 with great enthusiasm and active participation from students. Third-year students actively took part and showcased their talent, creativity, and technical skills in various activities.

Along with the main event, departmental competitions were also conducted, including Tech Hunt, Mad 4 CAD, Quiz Competition, 3D Model Making, Poster Making, and Bridge Making. The event was graced by the presence of Principal Dr. P. T. Kale Sir along with all Heads of Departments, who actively participated as judges for the various competitions. Their valuable evaluation and encouragement motivated the students to perform with confidence and enthusiasm. The program provided an excellent platform for innovation, teamwork, and experiential learning. It concluded successfully with appreciation for all participants, organizers, and dignitaries, making the event memorable for everyone.

STUDENT EDITOR

I feel privileged to be selected as the **Newsletter Editor** of the Civil Engineering Department. This opportunity has inspired me to showcase our department's achievements and activities through creative and informative content. I look forward to contributing my best with the support of my faculty and classmates.

MR. Mangesh Kamble
(Second Year Civil Engineering Student)

Being chosen as the **Newsletter Coordinator** for the Civil Engineering Department is a matter of great pride for me. This responsibility has helped me improve my writing, communication, and organizational skills while highlighting the department's accomplishments.
