From HOD's Desk:

Mrs. Sonali Patil

I take this opportunity to welcome you all in the Computer Engineering Department, Bhivrabai Sawant Polytechnic, JSPM, Wagholi Campus, Pune - 412 207.

The department aims at addressing essential challenges faced by our country's IT Industry, society and the academia. More importantly we believe in upholding our unceasing commitment to our students, helping them to learn, grow, develop and achieve their goals in their professional career.

Departmental Vision and Mission

VISION:

To develop technical man power in the field of computer Engineering to contribute the Socio-industrial requirement.

MISSION:

M1: To develop techno-savvy engineers by imparting Comprehensive computer engineers knowledge by innovative teaching and learning process.

M2: To develop professional skills committed for lifelong learning through co-curricular and extracurricular activities.

M3: To impart Computer Engineering education in order to meet societal and industry needs.

Computer Department

A computer engineer fuses Software engineering and Hardware science to develop new technology.

Computer engineers design, build, and maintain hardware in modern computers. These engineers focus on integrating hardware and software in a unified system safely and efficiently.

Computer engineers, Cybersecurity professionals, and systems analysts make up the second-largest category of tech jobs.
